

DISCOVERY CLUBS -BAHAMAS

Post Office Box N-4105
Nassau, Bahamas

Dear Parents/ Guardians

Your child _____ wishes to join the Discovery Club, the youth arm of the Bahamas National Trust (BNT) and a national environmental-based Club at his/her school. Commencing _____ meetings will be held on _____ afternoons at 3:15-4:30 pm in room _____.

The Discovery Club experience involves lots of hands-on inquiry-based activities, interesting field studies, investigations, unique volunteer opportunities and a chance to earn great badges which makes it the most exciting nature-based youth program in the Bahamas! The club boasts of being the only local environmental club to include a badge program. Badges are awarded to members who engage in a splendid array of activities in the areas arts and crafts, science, geography and astronomy.

The uniform of the Discovery Club is comprised of a khaki shorts, skorts (shorts that look like a skirt when viewed from the front) or long pants, a club t-shirt, white socks, tennis shoes and a sash that is worn on special occasions. An optional baseball-style club cap may be purchased from the BNT.

If you are in agreement with your child's affiliation with the Discovery Club, complete the attached enrolment and liability waiver forms and return them to your child's teacher with \$50 registration fee. Please note that the registration fee includes BNT membership, insurance, one t-shirt and activities booklets. You are required to purchase the trousers/skorts and footwear to complete the uniform. Members are required to wear uniform for all meetings and club events.

The Discovery Club chapter at our child's school will be coordinated by _____, who can be reached at _____ should the need arise. For further information contact the BNT at telephone 3931317.

Thanks for your interest and cooperation.

Sincerely,

P. Sweeting
